RE: Staff time

In the last 2 years you have emailed Delta County staff and officials 204 times. You have also had 29 CORA requests in that same time frame, not to mention law suits brought against the County.

This level of burden you have placed on staff is not sustainable nor fair to the taxpayers of Delta County.

Therefore, as Chairman I am implementing a policy that staff does not have to respond to your emails. If you have a question or feel the need to communicate an issue you will need to contact the County Commissioners.

The Delta County Citizen Report is not a media outlet, it is a gotcha blog that is fed by a disgruntled anger that offers a one sided opinion on Delta County Government.

Thank you,

Don Suppes
Delta County Commissioner, Chairman
